Experience from being a past board member, knowledge of the sport, the ability to work within different groups, listening skills, and the willingness to be an active part of the organization.

Why are you interested in being on the MCJA Board? *

I feel the board needs to be represented by members who are willing to help make the sport better, work with coaches to hear their views, present our membership concerns and needs to MCJA so we can work together as a team with MHSAA in making some necessary changes in the sport which represent schools, coaches, and officials.

What do you see as the role of MCJA? *

Working to bring officials and members of our board together for a comprehensive training program which will help in consistency in the sport.

How will you encourage other officials to be a part of MCJA? *

Encouragement that as a group we can make changes, along with the promise if we work together as a team we are stronger, wiser, and better. We also need to encourage coaches who retire to become officials along with their senior student athletes. Everyone on the board plays a unique part in the organization but only together can we advance for the greater good of everyone.
